ALCOA PLANT COMING TO ROCKDALE

Thursday Formal Announcement Forthcoming From W. R. Poage

Official announcement that the Aluminum Company of America will build an $80,000,000 aluminum plant in Milam County is due soon.

The plant will be a joint operation with the Texas Power and Light Company and the lignite deposits near Rockdale will be used as a source of fuel. The lignite will produce power in an electric plant that will be built and operated by Texas Power and Light Company but owned by Alcoa.

It will be a four pot line with a production capacity of 85,000 tons. The lignite fields in the southern part of the county that have lain dormant for many years will be utilized and it was reported the supply would last from 75 to 100 years. The lignite has many advantages over gas as a source of fuel for this particular purpose.

It was reported that Alcoa and Texas Power and Light Company officials and Congressman Poage have been working for more than a year to arrange the details of locating the plant in Central Texas.

W. W. Lynch of Texas Power and Light Co., reported in a telephone conversation with the Cameron Herald today that there are several plant sites under consideration, but there has been no definite selection as yet. According to Lynch, the entire area should benefit greatly, not only from the aluminum plant itself, but from the by-products and industries that will follow in its wake.

The officals of the Texas Power and Light Company should be highly praised for their efforts in locating this plant in Milam County, as they were the originators of the idea that it should be located here. T. P. & L negotiated with several firms for more than a year before it was definitely decided by offcials of ALCOA that they would build the plant.

McAlister Fuel Co. of McAlister, Okla., is also due a large measure of credit for the plant through its pioneering methods of strip mining lignite in this area. In the past 18 months they have bought or leased about 12,000 acres of lignite lands in order to make fuel available to just such an industry as the new ALCOA plant.

Men Drafted; Cease Fire Talk Continues

The September draft call for Texas will be 619 men, Brigadier General Paul L. Wakefield, state director of Selective Service, announced today.

General Wakefield said a telegram was received from national headquarters which said the Department of Defense had requested 34,180 men from all states and territories in September.

Texas draft headquarters was advised during the past week that its August call had been raised from 485 men to 772. The July quota, now being filled, is 367.

Local board quotas for September will not be available at state Selective Service headquarters before sometime in August, General Wakefield said.

The September call brings the number of men called for in Texas since the beginning of the fight in Korea to a total of nearly 29,000. Around 75,000 Texans have been sent by draft boards for examinations since fighting broke out in the Far East.

"Whether or not a cease-fire in Korea is agreed upon, we expect to continue to get calls each month," General Wakefield commented. "The draft law has been amended and renewed for a period of four years, and the country seems determined to keep on a strong footing for any emergency which may arise."

2 Divisions May Replace Veterans

Washington, July 19— The army may be planning on sending two national guard divisions in Japan on to Korea eventually as it steps up the program of taking battel-weary soldiers out of action.

This apeared to be one of the possible methods to be used in an accelerated rotation program which by next November will have taken about 112,000 veterans of long fighting out of the battle line.

Use of guard divisions however, presumably would be only part of the general program, the primary method being the present rotation system—returning soldiers with long service, on an individual basis, with replacements going out from training camps in the United States.

The army announced Wednesday that a total of 32,000 officers and men had left the Far East for the United States up to July 10 and that the rate of rotation of each of the next three months would be 30,000. The 112,000 veterans to be rotated by next fall will come out of a total combat force probably not much greater than 150,000 men. This includes the equivalent of about six or seven divisions and other separate units, such as corps artillery.

Army officials declined to say precisely how they expect to keep up the combat effectveness of the forces in Korea, but they expressed confidence that it could be done.

L. Van Perkins Cameron Delegate

The taxation and legislation department of the East Texas Chamber of Comerce completed 25 county surveys by July 15 and has scheduled for completion 33 more by October 1, Hubert M. Harrison, general manager, announced here today. Harrison also announced that this department plans to assist local leaders in Angelina, Brazos, Cass, Falls, Grayson, Harrison, Hill, Hunt, Milam, Nacogdoches, Panola and Walker counties in their budget hearings during August.

In making county surveys, , 'we give each county a star rating depending on its compliance with a five point yardstick; namely, 1. All funds operated on a cash basis; 2. Net debt not above 5% of assessed valuations; 3. Tax rate not above 80%; 4. The county operated within its budget; 5. Tax collections for past five years averaged 95% or more;" Carl C. Cooper, manager of the department, stated.

Counties in which surveys have been made with their star ratings are: Angelina, 3; Bowie, 3; Brazos, 4; Cass, 3; Collin, 3; Dallas, 2; Ellis, 3; Falls, 1; Freestone, 4; Grayson, 3; Harris, 1; Harrison, 3; Henderson, 1; Hill, 2; Hunt, 1; Kaufman, 1; Liberty, 3; Limestone, 1; Milam, 2; Nacogdoches, 3; Orange, 2; Panola, 3; San Augustine, 1; Smith, 3; and Walker, 3. Counties in which surveys are to be made and star ratings given, accordng to Cooper, are Anderson, Bell, Brazoria, Burelson, Chambers, Cherokee, Delta, Fannin, Galveston, Gregg, Grimes, Hardin, Hopkins, Jasper, Jefferson, Lamar, Lee, Leon, Harion, McLennon, Navarro, Rusk, Sabine, San Jacinto, Shelby, Titus, Trinity, Upshur, Van Zandt, Waller, Washington, Williamson, and Wood.

L Van Perkins, former manager of the Chamber of Commerce is the Cameron Delegate to the East Texas Chamber of Commerce and has been active in the work of the chamber for a number of years.

He has taken a leading part in making Milam County among the star rated counties.

"Our county survey service has been unique and popular for the past 18 years having had the commendation of county officals and taxpayers generally," Harrison observed. He further cited the 12 counties in which budget hearings in August as examples for other counties now being served by the regional chambers tax department. "It is hoped," he said, "that all counties in East Texas will conduct similar hearings under the law and that taxpayers will attend and take part in them to better acquaint themselves with their county budget operations."

Cooper announced that August will be county budget hearing month in East Texas in the regional chamber's program for good government at the local level.

Mr. and Mrs. E. R. Hearne, Emma Ruth, Paul and Henry Marvin of Bryan spent several days this week with Mr. and Mrs. A. B. McFarland.

Maj. Magers is married to the former Mary Jo Rogers, daughter of Mrs. Web. Rogers, Sr., of Marshall.

Cotton Coming In Over County

J. R. Young, farmer in the Jones Prairie Community, brought the first bale of cotton to the Matyastik Gin at Clarkson late Monday July 23.

Due to the fact that the employees at the gin had gone home the bale was not ginned until early Tuesday morning.

J. D. Blacak, also farmer in the Jones Prairie Community brought in a bale Tuesday morning.

R. L. Bishop, farmer of Clarkson brought in a bale Tuesday morning.

This makes a total of five bales ginned in the county, according to information received by this newspaper.

All children of the community are urged to enroll in the school.

S. W. McClaren Jr. Is 1951 Winner; Chamber Of Commerce Pays Premium

S. W. McClaren, Jr. Gets First Bale

Milam County's first 1951 bale of cotton rolled into town around 4:30 P. M. Monday, July 23, according to Bill Arthur, president of the Chamber of Commerce.

S. W. McClaren Jr., farmer in the Marlow Community arrived at the Weems Gin with the first bale. The bale weighed 525 with 850 pounds of seeds.

Robert Weems, manager of the gin said that ginning, bagging and ties would be donated by the gin along with the $25.00 premium.

Mr. Arthur, L. G. Smith, manaer of the Chamber, and Roy Wright, chairman of the Crops and Conservation Committee of the chamber, were present at the gin to present Mr. McClaren with a $100.00 premium which the chamber had recently solicited from the merchants of the city.

Charles Brady of the B & B Studios, was present taking pictures of the owner and the bale along with chamber executives. Max McClaren, reporter and assistant editor of the Cameron Herald was also present taking pictures as well as seeking detailed information on the first bale.

Around 6 P. M. John A. Smith, farmer of the Branchville Community, brought in a bale. The bale weighed 450 with 700 pounds of seeds. Mr. Smith brought the first bale in 1948. Both Mr. Smith and Mr. McClaren planted the D.P.L. Cotton which is one of the favorite varieties planted in this section of the county.

Walter Senkel, farmer in the Jones Prairie Community brought in the first bale from this county in 1949 and 1950.

In 1950 Mr. Senkel was awarded a premium of $150.00 collected by the Cameron Herald along with $50.00 premium donated by Weems Gin, making a total of $200.00.

With the hot weather and cotton opening rapidly, more cotton is expected at the gins this week, Mr. Weems said.

Mr. Weems has handled the first bale for a number of years and is always glad to present the farmers a premium along with the premium the Chamber donates.

Fort Hood Listed As Critical Defense Area

WASHINGTON, July 23— Two Texas areas were declared critical defense areas—which means easing of credit restrictions on construction of new housing.

The Defense Production Administration listed the areas as: Florence-Killeen, near Fort Hood and Gray Air Force Base, and Lone Star, site of a large steel plant where some 2,000 new workers are expected to be employed by Jan. 1.

Investigators reported these housing conditions at Florence-Killeen—shack towns and trailer camps springing up in and around overcrowded Gatesville, Gorrvie, Pidcoke and Copperas Cove, and present deficit of 2,500 housing units.

Some Gatesville and Killeen residents were disturbed Monday because investigators for the Defense Production Administration had referred to their areas as "shack towns" but they were also pleased to know the credit regulations on housing were relaxed.

Farm Reports Look Bad In Cen-Tex

Three or four weeks ago Milam County farmers felt they had the best crop prospects in several years.

Today with the same area caught in the grip of a continued drouth, farmers are wondering how much longer they can go without a complete loss.

The multi-million dollar cotton crop that was predicted has suffered severely from the dry hot weather that has prevailed in the past four weeks.

Most farmers, generally agree it is too late for a rain to help any of the grain but the pasture lands would benefit greatly with a soaking rain. There is a great shortage of hay and feed and milk production has been on a downward trend due to the shortage of grass.

There is no underground moisture therefore young crops cannot survive this heat.

According to J. D. Moore, county gent, reported that cotton that looked like a third of a bale several weeks ago, might make a bale to six acres. This is a good indication that the crop will be unusually short.

July of this year has gone heat wacky in setting new records in temperatures and in lack of moisture for the Cameron area. Crops are feeling it in millions of dollars lost and citizens in miserably hot days and nights.

For the seventh consecutive day Monday, the temperature here reached or soared above the 100-degree mark.

Another record credited to this month so far is the current dry spell.

And so far as attendants at the local weather station can see, there is little chance of rain in the near future.

Rains came to the parched South Plains of Texas Monday after three weeks of near and plus 100-degree heat there. Lubbock area also reported good rainfall.

Other rainfalls were reported from Dalhart, Marfa, Plainview and Salt Flat.

Here are the readings for Cameron for the past five days, Thursday, 106 the hotest day in 1951, Friday, 103, Saturday, 101, Sunday, 101, Monday 100.

Wild Boar Annoys Cpl. W. E. Talafuse

From the time the first trip-flare shot into the coal black sky, Love Company was ready to hold off the expected attack. The flares kept going up in the air, then a mine went off, but no enemy shots were fired.

Cpl. Wyne E. Talafuse, Cameron, Texas, led a patrol to find the enemy. He found instead the remains of a wild boar that had run rampant through the Company's defenses until one of the flares got him. "We were sure that the enemy was just waiting for our patrol," said Corporal Talafuse, "But when we looked the area over, all we could find was one very dead roast pig that had kept us up all night."

PATSY HIGHTOWER IMPROVING

Patsy Kay Hightower who recently underwent surgery in a Temple Hospital is improving according to reports received Saturday morning.

She will have to remain in the hospital for several more weeks. The family requests that she cannot have company but deeply appreciate the interest and concern, shown during Patsy's illness. Her many frineds will be glad to know that she is making some progress and hope that she will soon be able to be at home.

J. E. Johnson who recently suffered a heart attack is able to be up and about. He has improved greatly and his many friends will be glad to know he is feeling much better.

Young County Farmers Learning Value Of Fertilizer

County Agent O. R. Dunkle reports that Young county farmers are learning the value of fertilizer. Today they are using four times as much commerical fertilizer as they did five years ago.

A demonstration on the F. T. Littlejohn farm in the Red Top community, where an increase of 419 pounds of grain sorghum per acre was obtained last year with 50 pounds of 16-20-0, has been one reason for the increased use of fertilizer. An application of 100 pounds of 16-20-0 per acre to Westar wheat on the Jack Nichols farm gave an increase of eight bushels per acre last year.

"Neighbors have seen the extra growth an increased yields and are thoroughly convinced that applying commercial fertilizer to wheat and grain sorghums pays a dividend of over 400 per cent," says Dunkle. "Increased yields per acre, earlier maturity, more efficient production and improved soils mean more income for the farmer."

Dunkle reports that Ed Steele of Henry Chapel and Roy Thompson and Barney Flowers of Graham have sent soil samples to the Soil Testing Laboratory at Texas A. & M. College. They are planning to fertilize their crops according to recommendations from the laboratory.

Farmers interested in having their soils tested should contact their county agents for informations on taking samples and mailing them to the laboratory. Soil samples are tested for one dollar each.

Mrs. Etta Manning and granddaughter, Annette Mannig, have returned from a two weeks vacation with Captain and Mrs. R. J. Rose and daughter, Linda at Fort Dix, New Jersy. While there they went on a sight seeing tour of New York, Long Island, Brooklyn and also Philadelphia and Washington D. C. They also saw some of the flood waters in Missouri and stopped in Dension to see Bunt Manning and family, Mrs. Mannings son.

Final Rites Held For Mrs. Miller

Mrs. Henry Miller, 63, died suddenly at her home at Maysfield, at 2:30 a. m. Saturday morning.

She was born in Arkansas, September 24, 1888, and had lived in Milam County for the past three years.

Funeral sevrices were to be conducted by Rev. Mark Magers, Pastor, First Methodist Church, Cameron, at Liberty, at 4:00 P. M. Saturday, July 21. Burial was made in the Liberty cemetery, with Marek-Burns Funeral Home making the arrangements.

Among her survivors are her husband, Henry Miller; two sons, Vernie Miller and John Miller both of Cameron; two daughters, Mrs. Jack West of Rockdale and Ludie Miller of Cameron. She is also survived by five brothers, Chest Williams of Fort Worth, Ernest Williams, Temple,Hubert Williams of Bastrop and Jeff Williams of Waco and Bernice Williams of Houston; two sisters, Mrs. Frank Schlemmer and Mrs. Philip Braden both of Cameron and eight grandchildren.

Legislative Bills Discussed Here

At the general meeting of the Milam County Farm Bureau Thursday night a number of important discussions were held, according to Mrs. Jesse Mae Wimberly, secretary.

Herman Yezak, representative of Robertson County gave an interesting and factual discussion of the report of the 52nd legislature. He emphasized the great need for a better farm to market road system in Texas and explained the necessity of consistently contacting your representatives and congressman to see that you get it.

He explained in detailed many of the bills before the last legislature, especially the Financial Responsibility Law which was enacted and passed at the last legislature.

Mr. and Mrs. H. N. Tate have returned from a trip to Arkansas where they visited Mr. Tate's uncle, Dick Newman who recently underwent surgery.

Louise LaRelle of Dallas has returned to her home after spending her vacation with friends and relatives here.

Miss West Texas

Photogenic Janie Holcomb has nothing to fear from the bugaboo of a candid camera. Here is a pleasant chore.

Miss Holcomb, winner of the "Miss West Texas" crown in Odessa July 4th at the Junior Chamber of Commerce fourth annual Independence Day Festival, led her field with poise, experience and sparkling brown eyes that in the searching eyes of the five prominent judges could not overlook.

"Like all little girls," admits Miss Holcomb, "I wanted to be an actress." That childhood ambition has kept pace with the brown-eyed beauty throughout her years. At 18, she is still applying the psychology that probably will be her life's ambition. At least she is well on the way toward attaining her goal.

Baptist Revival Making Great Progress

The Revival at Battetown Baptist Church continues to make progress, according to Rev. Bob Walker, pastor.

Rev. Walker is leading in the song services, and said that nine additions to the church had been received during the revival

Rev. P. L. Caperton is bringing the inspirational messages and large crowds have been attending nightly. Just how long the revival will continue has not been announced, Rev. Walker said, but will be announced soon.

A revival was held at the church during March and brought many spiritual results. The public has a cordial invitation to come out and worship at the open air revival.

Mrs. M. G. Cox who recently returned to her home from the St. Edward Hospital is resting comfortable at her home on East 15th. Her many friends will be glad to know that she is improving.

Walter McGregor of San Antonio was a visitor at the Cameron Herald Thursday, renewing his subscription. He formerly lived here and is a brother of the late Claude McGregor.

J. R. Sledge, superintendent of the Milano Schools, was a Cameron visitor, Thursday.

Churches Participate In CROP Program

Texas farmers are busy harvesting their crops to meet a complete quota for the State of Texas and the Christian Rural Overseas program better known as CROP. The quota consists of 1,000 bales of cotton, 35 carloads of grain, 14 carloads of rice, 14 carloads of peanuts plus various other food and fiber products.

This will constitute the CROP Texas Friendship Food and Fiber ship which is to be sent to needy persons in Korea, Europe, and the Middle East.

Distribution of the Texas Friendship Food Ship is made by the Protestant Church World Service, the National Catholic Welfare Conference and the Lutheran World Relief without regard to race or creed.

Almost every church group in the United States is actively participating in CROP the first coordinated church program of its kind in history.

County Agents are also cooperating with CROP in an effort to collect the Texas Shipload of food and Fiber by Thanksgiving.

In the Panhandle twenty six counties ofered to raise 40,000 bushels of wheat or the equivalent of than in money. They accepted this goal even though they do not have any wheat in the fields this year. As one farmer stated "we do not have any wheat but we have grain in the elevators and money in our pockets."

Many individuals have given CROP a carload of wheat, rice, or other needed foods. If Texas raises its quota, it will lead the nation in CROP contributions.

Texas Gogernor, Allan Shivers, who serves as honory chairman, recently wrote:

CROP to me represents a fine example of Christianity in action. It is apleasure to serve as honorary chairman of the Texas CROP committee particularly do I wish to thank the rural people of Texas who through a generous spirit of human compassion have made posible the substantial contributions.

From where I sit ... *by* Joe Marsh

What's So Funny?

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this sad conclusion after telling jokes to college students. Very often they would give out with what *they* considered a side-splitter—and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist such a better judge of humor than the rest of us? If a man gets a kick out of a joke that proves it was funny to *him*—doesn't it?

From where I sit, when psychologists try to set up a standard for a sense of humor they're getting too serious for me. Stands to reason that different people laugh at different things, just as they have different tastes for most everything. I'm partial to a glass of beer with meals myself—but I promise not to make any "wisecracks" if you prefer tea.

J. H. Scarborough Buried In Oak Hill

Funeral services were held for Judge Hardie Scarborough at the family residence at 5 P. M. Sunday, July 22 with G. A. Lagrone, of Amarillo conducting. He was assisted by Rev P. A. Corkern, pastor of First Baptist Church

Interment was made in Oak Hill with Greens Funeral Home directing arrangements.

Mr. Scarborough, 77, died at the family residence near Buckholts, early Saturday morning, July 21, 1951.

Mr. Scarborough, member of a prominent Milam County family, had been ill at his home for four months and his condition was known to be serious for several days.

He was a native of Marion, Alabama, born September 24, 1873. He came to Texas in 1886 when a young man and the family settled in the Yarrellton Community, later moving to the Ad Hall Community. He had engaged in farming for over half a century and was well known as a rancher and farmer in that section of the county. He had many friends who will long remember his as a man of high ideals and integrity. He took an active part in promoting the agriculture activities and will be remembered as a successful farmer.

This one says You've Arrived

HERE pictured is an automobile that may well be the fulfilment of any man's dream of a fine motorcar.

For you've a right to expect, when you pay a fine-car price, that your money will buy more distinction, more comfort, more performance than are to be found in vehicles of lesser worth.

So mark well the things that a ROADMASTER offers.

No other car on the American scene has a prouder bearing.

No other automobile has more spacious dimensions, more luxurious comfort, or finer appointments.

No other car has a ride more serenely smooth on curve or straightaway, highway or byway.

And no other car, at ROADMASTER's price or above, has Dynaflow, and the supreme command of every traffic condition which it provides.

So you, at the wheel of Buick's biggest and best, have a right to feel distinguished.

But there's a joy of possession which goes deeper than visible things.

There's the feel of a power plant as brilliantly eager as this great car's valve-in-head Fireball Engine—and the satisfying companionship of a brawny traveler instantly responsive to your every wish.

And there's one thing more, which only ROADMASTER can give you in such generous measure. That is the pride of a wise investment, based on the fact that this car stands alone in price per pound, among fine cars similarly equipped.

So why not take that very important first step—and come in and see us soon?

Equipment, accessories, trim and models are subject to change without notice.

July Slaughter Quotas Increased By O.P.S.

July slaughter quotas for calves and swine have been increased, the Houston Office of Price Stabilization announced.

The quotas were increased when marketing of calves and swine rose above the numbers expected at the time the July quotas were set, the OPS explained. Now, the July quota has been increased to 100 per cent of the comparable 1950 quota on calves and to 110 per cent on swine.

The increases apply to accounting periods beginning on or after July 1.

The monthly slaughter quotas are established to utilize all the available supply of meat coming to market, and, at the same time, to insure that it flows through established slaughterers to make certain there is no disruption of normal distribution channels, explained Charles H. Winerich JrJ., Houston District OPS director.

Miss Elder Bess Peeples of Giddings visited Miss Marie Hooper here several days last week. Miss Peeples is employed in the office of the County Superintendent at Gidding and was on vacation.

Linzy Hazelwood who is a patient in a Marlin Hispital spent Monday with his wife and little daughter here. Friends hope he will be improving soon and able to come home.

News and Views From Your Home Demonstration Agent

The Forrest Grove, Hoyte and Duncan-Tracy Home Demonstration Clubs met with the agent last week, and the attendance was very god.

The story carried in the June issue of "Farm Journal" called, "Their House Looks Better Every Year" tells the story of the remodeling of the Edwin Forrest ranch home in Lubbock County. This is the same home featured in the slide films the agent has been showing to the women in the county. The story tells how the house grew from a poorly arranged old house with cracked and crumbling walls, to a lovely dream home. Mrs. Forrest has made this possible by making a master plan for remodeling, then making every change, no matter how small, a part of this plan.

Council met Monday, July 23, at 2 p. m in the District Courtroom in Cameron. Eleven Clubs, the Home Demonstration Agent, Mrs. Alice Hughes, the District Agent, Miss Margaret Bracher, and several visitors were present,

Council voted to have the womens county encampment in Bastrop, August 13 and 14.

Club presidents reported more caning, preserving and freezing foods, was being done this summer in an effort to combat the high cost of living.

Mrs. Carl Linke, 4-H leader, was given a check to cover expenses of the 4-H girls who will act as pages at the State Meeting in College Station.

The upholstery Training Shcool was set for October 30 and 31.

Programs for the new year book were submitted by the clubs.

A committee was named to meet with the Commissioners Court when the county budget is read.

Bette Lee Graham, winner of the county 4-H Dress Revue, was presented a Dress Revue Medal for placing among the top 15% at the State Dress Revue held at College Station. We are proud of Bette Lee and her record.

The following committees are asked to meet with the agent in her office: Year Book Committee, Mesdames Frank Hanel, Lenza Caffey and John Matyastik, on Thursday, July 26 at 8 A. M. The encampment planning committee, Mesdames T. T. Cooke, Graham Young, Dennis Klein and V. L. Angell at 9 A. M. Friday, July 27. The 4-H Sponsors, and at least one girl from each 4-H club, Friday, July 27th at 2:30 p. m.

$4,400 Received In 1951 Red Cross Drive

Agnes Lowe, Chapter chairman of the Milam County Red Cross, said today that approximately $4,400 has been collected in the 1951 Red Cross Drive.

Since the flood conditions in Kansas, large numbers of Red Cross Chapters have been called on to assist in many ways. According to Mrs. Lowe the local chapter has not been called on for help but if there are persons wanting to contribute in any way, they may contact her at Hotel Cameron.

Reports today show 165,300 persons in Eastern Kansas and Central Missouri have been disrupted by the history-making flood now pouring out of Kansas and swelling the Missouri River to new crests along its 200-mile course through thta state.

With the new crest rolling down the Missouri River in that state, Red Cross President E. Roland Harriman made an additional preliminary allocation raising to $750,000 funds to meet these initial expenditures. It is estimated that Red Cross expenditures for emergency and rehabilitation work in this disaster will total in excess of $1,500,000.

To date 51 Red Cross chapters in the two floded states, and including Ottawa Co., Okla., and Jackson Co., Ill., are giving disaster relief service in as many affected counties.

As the worst flood in the history of Kansas City, Mo., began to fall leaving that city of 900,000 almost paralyzed by the worst fire in its history, blazing now for five days, fed by a million gallons of oil, and a serious shortage of drinking water, new flood crests began building up downstream on the Missouri River, disrupting the lives of 16,500 persons in 20 Missouri counties. Chapters have been helping families evacuate and 15 shelters were opened last night to house and feed more than 500 persons.

In Eastern Kansas, Red Cross chapters in 28 counties, experiencing the worst flood in their history, saw waters falling slowly but there are still 75,000 persons who cannot return to their homes. There are 10,000 persons in 47 Red Cross shelters throughout the area, and the Red Cross is providing food for 21,000 persons. Countless thosands of cots and blankets have been flown or trucked into the area, as well as food supplies, rescue and other emergency equipment.

Nation's Farmers Face Dangers if Inflation Is Not Halted

Dangers faced by the nation's farmers if inflation is not halted is emphasized by Price Stabilizer Michael V. DiSalle.

"If inflaion is permitted to undermine the buying power of our people farmers will sell less and earn less," the director of the Office of Price Stabilization warned.

"The prosperity of farmers depends a great deal on how successfully our price stabilization program protects the buying power of all citizens," Mr. DiSalle said. "When inflation forces prices up and up, most people have to buy less of everything. When fewer good can be bought, production must be cut and fewer people have jobs in factories and stores. As a result, farmers are able to sell less and soon they have to sell at lower prices."

Mr. DiSalle reported that retail prices on farm machinery rose 8.5 per cent between the start of the Korean war and the time the OPS price freeze went into effect last January. The prices did not increase between February and June, 1951, after control became effective, he pointed out.

Truman Pratt was in Temple on business Thursday.

S-Sgt. Roger Reese of El Paso, is spending a few days in Cameron with Mr. and Mrs. Bobbie Reese.

Mrs. Anna Flynn is visiting in the home of her brother, Nolan Maddox and also in the home of her niece, Mrs. Jud Davis. Mrs. Flynn's home is in Dallas

Drouth Continues No Rain Forecast

According to L. W. Smith, superintendent at the Water Department, Thursday, July 19, was the hottest day in 1951. The temperature hit the year's high at 106 degrees.

Tuesday and Wednesday readings were 102 and 103 respectively. With the continued drouth the crops are beginning to burn severely. The young grain in some areas of the county will not mature and some farmers and ranchers are grazing their cattle as the grass situation is becoming acute.

Some of the cotton is opening and the unmatured bolls are cracking. It was predicted earlier in the season that some farmers would make ¾ of a bale to the acre but since the dry hot weather, it is doubtful if it will be produced.

The drouth has affected other areas of the state also. There is a great shortage of water in Odessa, Killeen and several other places in west and central Texas.

Little River is at its lowest ebb in several years and approximately 8,000,000 gallons per day is flowing over the spillway. This time last year around 10,000,000 was flowing over the spillway per day. The city is using around 8 or 9 thousand gallons a day at the present.

Mr. Smith said that yesterday's high of 106 was the highest since August 9th and 10th in 1947. The all time high was registered on July 11, 1917 when the thermometer registered 114. On August 18, 1908 it was 113. If the weather continues along with the drouth, it might repeat the all time high.

Health Department Urges Sanitation In Eating Places

D. S. Wimberly, city sanitarian, said that a food handling school will be held here sometime in the early fall.

It is the public duty to demand a clean food service from all cafe and eating places.

The Texas State Department of health cannot maintain daily inspection of all eating places and the public is urged by Dr. Geo. W. Cox, State Health Officer to insist on the proper sanitation of the establishments where they eat. If the public is careless in this respect the incentive to mantain clean food service will be lessened and operators will only maintain the level the public is will to accept. He urged that the public patronize "eating establishments which measure up to a high standard of cleanliness."

"The public should be aware of these rules and regulations and insist that resturants observe them. Patrons should realize that tables and counters will be many times cleaner than the kitchen and other places out of sight," he warned.

He urged milk appraisal by the patrons also. Texas law requires that a milk bottle cap state the grade of the milk, and whether it is raw or pasteurized. "Insist on having the milk served in its original container, with a covered cap and a legal label," Dr. Cox advised.

"Obviously," he said, "the best in sanitation can be had only by close co-operation between the public and the investigators of the State Health Department.

Corpus Christi Polio Outbreak Hits Babies

State headquarters of the National Foundation for Infantile Paralysis reported Thursday that exactly fifty per cent of polio-stricken Corpus Christi's patients have been children under five years old.

The headquarters announced that every resource at its command has been readied to cope with the epidemic, one of the worst in the nation.

Already, $20,000—which is to be followed with another $30,000—has come from epidemic aid funds, supplies by 2800 county chapters of the March of Dimes organization.

These funds will pay the hospital and doctor bils of those who are unable to meet the high costs unaided.

Six polio nurses have answered the Red Cross call to report for duty at the resort city's Memorial Hospital for transportation from their homes.

March of Dimes funds from over the nation are being used to reimburse the hospital for their salaries and which entered its 100th patient Wednesday.

Miss Sylvia Hughen of Jones Prairie was a visitor in the Herald office the past Thursday.

Misses Lois and Mary Randolph are attending summer school at the University of Houston and were in Cameron last weekend.

Mrs. Lange, 96 Dies At Her Home

Mrs. G. F. Lange, 96, died at the family residence Friday, July 20 at 1:30 A. M.

Mrs Lange, a native of Germany was born August 18, 1854 and came to this country in 1883. She had been in declining health for a number of years but her condition was not known to be of a serious nature. She lived in New York two years before coming to Texas. Her family settled near Brenham in 1886 and lived there until 1900 when they moved to Rosebud.

Mrs. Lange had been a resident of Milam County for the past 44 years and had resided in the Vogelsang Community most of this time. She was well known in that section of the county.

Funeral services were to be held from the Vogelsang Lutheran Church at 10:00 A. M. Saturday, July 21 with Rev. S. C. Anderson, pastor, officiating, assisted by Rev. Kalkbrenner.

Interment in the Vogelsang Cemetery with Green's Funeral Home directing the arrangements.

Surviving are three daughters, Mrs. Helen Baumgartner of Rosebud, Mrs. Paul Moeller of Houston, Miss Olga Lange of Cameron, three sons, Paul Lange of Rosebud, Amil Lange and Herman Lange of Cameron. Seventeen grandchildren and twenty-one great-grandchildren also survive.

CITY OF CAMERON

TO THE RESIDENT QUALIFIED PROPERTY TAXPAYING VOTERS OF THE CITY OF CAMERON, TEXAS:

TAKE NOTICE that an election will be held in the City of Cameron, Texas on the 7th day of August, 1951, on the proposition and at the place more particularly set forth in the election order adopted by the City Council on the 17th day of July, 1951, which is as follows:

WHEREAS, the City Council of the City of Cameron, Texas, deems it advisable and to the best interest of said City to submit to the resident qualified property taxpaying voters of said City the proposition for the issuance of $55,000.00 Tax Bonds of said City for the purpose of constructing and equipping a public building to be used as a fire station in said City;

THEREFORE, Be it resolved and ordered by the City Council of the City of Cameron, Texas:

That an election be held in said City of Cameron, Texas, on the 7th day of August, 1951, at which election the following proposition shall be submitted to the resident, qualified property taxpaying voters of said city, who own taxable property in said City and who have duly rendered the same for taxation, for their action thereupon:

PROPOSITION

Shall the City Council of the City of Cameron, Texas, be authorized to issue the bonds of the City of Cameron, in the sum of $55,000.00, payable serially not to exceed thirteen (13) years from their date, bearing interest at a rate not to exceed two and one-half (2½%) per cent per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing and equipping a public building to be used as a fire station in said City, as authorzed by the Constitution and Laws of the State of Texas.

The said election shall be held at the City Hall Building, in said City, and the following named persons are hereby appointed managers thereof, to-wit:

L. B. GUNN. President Judge,
B. J. MATOCHA, Assistant Judge
MRS. JOHN RYAN, Clerk ,
MRS. R. W. BENNETT, Clerk.

The said election shall be held under the provisions of the Constitution and Laws of the State of Texas, and only qualified voters, who own taxable property in said City, and who have duly rendered the same for taxation, shall be allowed to vote.

The ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT

"For the Issuance of the Bonds and the Levying of the Tax in Payment Thereof."

"Against the Issuance of the Bonds and the Levying of the Tax in Payment Thereof."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections.

A copy of this resolution and order signed by the Mayor of the City of Cameron, Texas, and attested by the City Secretary of said City, shall serve as proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted at three public places in said City, one of which shall be at the City Hall, for at least fifteen (15) full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said City, and which notice shall be published on the same day in each of two (2) successive weeks, the date of first publication being not less than fourteen (14) full days prior to the date of the election.

PASSED AND APPROVED this 17th day of July, 1951.

A. N. GREEN,
Mayor, City of Cameron, Texas.

ATTEST:
NEOMI NEEDHAM
City Secretary

Alderman Perkins Addresses Lions Club

L. Van Perkins gave an interesting talk at the Lions Club luncheon Tuesday.

Mr. Perkins gave a unique discussion on several needs of Cameron. He spoke briefly on the need of a sewer disposal plant which has been a great need of the city for many years.

He told the Lions that another major progressive step the city should take is to adopt a home rule charter and pointed out the many advantages of having that type of city government. He also talked about the coming bond election and how essential it is that the election be defeated.
